BLACKFISH

Blackfish tells the story of Tilikum, a performing killer whale that killed several people while in captivity. Along the way, Director-Producer Gabriela Cowperthwaite compiles shocking footage and emotional interviews to explore the creature's extraordinary nature, the species' cruel treatment in captivity, the lives and losses of the trainers and the pressures brought to bear by the multi-billion dollar sea-park industry. *Blackfish* challenges us to consider our relationship to nature and reveals how little we humans have learned from these highly intelligent and enormously sentient fellow mammals.

WHAT THE CRITICS SAID

"A mesmerizing psychological thriller with a bruised and battered killer whale at its center... Righteous, captivating and entirely successful." — *Variety*

ABC is out of control, says PM

DANIEL MEERS NATIONAL POLITICAL REPORTER

PRIME Minister Tony Abbott declared disgraced ABC program Q&A "out of control" after its producers allowed a vile Twitter handle about the PM to appear on the disgraced show on Monday night.

The ABC again used taxpayer funds to smear the government in vile fashion in what Minister Malcolm Turnbull described as "a horrendous day".

Mr Turnbull phoned ABC boss Mark Scott demanding the PM receive an apology after a live broadcast of Twitter using an inappropriate Twitter handle. Mr Abbott said: "I just hope that the ABC management get on and do what they said they were going to do".

Top studs duded by mines

MILES GODFREY

A CONTROVERSIAL coal mine less than 10m from two valuable Hunter Valley studs is a step closer to approval after the government backed it, despite not knowing how it will affect some of the world's best horses.

Anglo American's Droyton South open-cut coal mine would be developed 300m from world-renowned Coolmore and Darley Woodlands studs after receiving the green light from the state government's planning department.

Black Caviar bred at Darley in 2013 and Coolmore has plans to bring US superhorse American Pharoah, the first horse to win the coveted Triple Crown in 37 years, to breed there next year.
