MORE INFORMATION FOR YOUNG PEOPLE AND YOUTH WORKERS

What is Youth Voice NT?

Youth Voice NT is a project that works with young people and youth workers to raise the voices of young people in the Northern Territory. The project helps young people to have a say about things that impact everyone in the community. It also focuses on sharing the talents and stories of young Territorians.

Why do you want me to share my story?

Young people have told us they want to change the bad attitudes some adults have towards young people. Young people have said they want to showcase the value of young people and the challenging experiences young people face. We want to support young people to share their stories to change community and media attitudes.

What will you do with my story?

If you would like your story to be shared, we will post it on our 'Youth Voice NT' Facebook, Instagram and/or website. It may also be included in a report about the 'Youth Voice NT' project. The report will be provided to the Australian Government so that policies, rules and decisions can better include young people's voices and needs.

What is in it for me?

You will go into the draw to win a pair of Beats Studio Buds True Wireless Noise Cancelling In-Ear Headphones (2x prizes available). Sharing your story means you can also tell other people about something that is important to you.

Do I have to share my story?

No! We want to create a safe space where young Territorians feel comfortable and empowered to share their story. If you don't want to share your story, that is completely okay. If you don't feel comfortable using your name but still want to share your story, we can de-identify the story.

How do I share my story?

However you would like - for example you could send us a TikTok, Instagram reel, voice recording, video recording, or written story with a photo. To enter, visit www.ntcoss.org.au/youthvoicent or send us a message on Facebook or Instagram. You can also share your story in your language of choice.
